E

1) Jesus is coming and people don't care,

E

They're just a drinking and at TV they stare.

A

When Jesus gets here He'll blow you away.

E

Don't you think you otta prepare for that day?

B7

Jesus is all loving, but He's nobody's fool

E

He's given lots of warning so you can't say He's cruel.

2. Jesus is a coming as scriptures foretold.

If you're God's people its time to get bold.

Stop your silly dancing, syrupy songs in the night.

Stand up for justice and do what is right.

His tough discipline begins with His own.

He wants you mature before He takes you back home.

3. Jesus is a coming in splendor and might.

Just to see Him will give you shear fright.

Those who ignore Him will wish they had not.

It won't impress Him to say you forgot.

Little babies murdered right under your nose.

Poor people in shacks moan till they're froze.

4. Christmas is a coming, shout its Jesus birthday.

Don't let your present buying get in the way.

He loves to bless you with good food and a good time.

Just don't forget the count down is beginning to chime.

When you get to heaven you won't want to roam.

So throw out the TV and slam down your phone.
